When women are given the opportunity to **rest, recover and rebuild**, lives change. Each day, countless women bear the emotional weight of grief, trauma, and major life transitions. They often seek a safe haven—a place to pause, breathe, and begin anew.

Women's Healing Sanctuary, nestled in the Port Stephens Hinterland, provides essential short-term stays and retreats. Since its opening in 2021, over 300 women have found support and healing here.

Why Partner?

Your partnership in our Rock & Roll for Resilience event will empower even more women, ensuring they can access the restorative experiences they deserve.
